

Craig Custom Builders Wins GuildQuality's 2010 Guildmaster Award

Wayne, New Jersey, March 1, 2010

Craig Custom Builders, a leading builder and remodeler in Wayne, N.J., announced today that the company has been awarded a 2010 Guildmaster With Distinction Award for exceptional customer satisfaction. Craig Custom Builders was one of 139 homebuilders, remodelers, developers, and contractors throughout North America recognized for their superlative performance.

"We're excited to recognize the great performance of Craig Custom Builders," said Geoff Graham, founder and president of GuildQuality. "Their passion for delivering a superior customer experience shines through in the feedback we received from their customers."

About Craig Custom Builders

Craig Custom Builders works hand in hand with their customers on renovations, additions and newly constructed homes so that customers may experience the ease and simplicity of a single source for professional product selection and construction services. Craig Custom Builders has helped many happy clients as they aim to make the experience easier than expected. For more information, browse our website at craigcustombuilders.com or contact Kevin Frasco at 973-831-8988.

About GuildQuality

North America's best builders, remodelers, contractors and real estate developers rely on GuildQuality's customer satisfaction surveying to help them monitor and improve the quality of their service. GuildQuality collects feedback directly from the customers and reports back to the building professional through a web-based service. On average, more than 70% of customers respond to GuildQuality surveys, and their feedback includes rich commentary and quantitative ratings.

About the Guildmaster Awards

Once a year, GuildQuality recognizes exceptional customer service with the Guildmaster Awards. Visit the [Guildmaster section](#) of the GuildQuality website to see information about all 2010 Award Winners and read about the award qualifications. View our full [GuildQuality profile](#).
